# Make the most of this Opportunity

The Indian Food and Drink industry is one of the fastest growing industry sector in India and is expected to grow at an encouraging pace of 15%-20% over the next five years.

Investments are being made by various Indian and multinational companies to boost sales and build market share in this fast growing industry. Such investments and growing need for technology upgradation are creating enormous sales opportunities for suppliers to the food and drink industry.

## The Trade Fair

### Choose the right Platform to Meet Your Customers

The success of the previous 8 editions demonstrate the leadership of International FoodTec India as *"the platform"* in India for the food and drink industry. The industry meets at this show to exchange new developments and showcase the future of the food and drink industry in India.

This fair is an offshoot of Anuga FoodTec in Cologne, Germany - one of the leading international supplier trade fairs in the world for Food & Drink industry.

At International FoodTec India 2014, the complete range of the industry requirements will be displayed and supplemented by its concurrent events Dairy Universe India, Sweet and SnackTec India, and PackEx India which are dedicated to the dairy industry, the sweet & snack processing industry and packaging industry respectively.
